The product is available on a single life as well as joint life basis for all options. The **Primary Annuitant** will be the primary person entitled to receive the payouts, while the **Secondary Annuitant** will be entitled to receive the annuities, if so opted, in the event of death of the Primary Annuitant, if applicable.

In a Joint Life annuity, the secondary annuitant can be the spouse/child/parent/parent-in-law or sibling of the primary annuitant. Other relationships maybe considered as long as there is an insurable interest³ between the annuitants.

Example: Add Joint Life feature to Deferred Life Annuity with Return of Purchase Price Option

Annuity payments start with 100% of annuity payable to primary annuitant

Surviving annuitant starts receiving the same annuity amount after demise of other annuitant

³ Annuitants are said to have an 'insurable interest' in the other when they stand to gain or benefit from the continued existence and well being of the other, and would suffer a financial loss if there is a damage to the other.
